

## City Driving

Estimated time to complete: 15 minutes

### Course Description

*SafeSchools City Driving* course is a concise tutorial designed for any school employee who drives a district or school vehicle including both professional and nonprofessional drivers. The course content outlines special considerations for district employees driving in congested city traffic. *City Driving* includes real-world school-based driving scenarios to help keep you and others safe when you're driving in city traffic.

### Common Themes

- Reviews the particular hazards of city traffic
- Covers strategies for minimizing city traffic driving risks
- Addresses proper braking distances when traveling at various speeds
- Details tactics to help drivers stay focused and minimize distractions

### Author

Patrick Fitzpatrick is a fifteen-year veteran of the Washington State Patrol where he served in many capacities including Police Pursuit Academy Instructor and Safety Education Officer and won acclaim for his innovative programs and public education courses. Currently serving as Director of Risk Management, Safety, and Security Services for the Northshore (Washington) School District, Patrick is President of "Compass - A New Direction In Driving", a LLC that provides vehicle operator training systems to both the public and private sector throughout the United States and Canada.

### Training Environments

*SafeSchools* is ideal for a blended learning environment, complementing in-service or video training, or as a stand-alone training course. The *SafeSchools* approach engages the learner in an e-learning environment; while a Compliance Management System automatically tracks his/her progress through the courses. This assists the district administrator or training coordinator in demonstrating compliance.
