

NEW! Online Incident Reporting and Tracking System for Schools

Open communication is key to preventing serious safety incidents, unexpected acts of violence, and costly lawsuits in your district.

That's why we developed SafeSchools Alert, our new online incident reporting system that allows students, staff, and parents to confidentially report safety concerns to your administration 24/7/365. Receive valuable tips on bullying, harassment, staff injury, or any threat to your school's safety.

SafeSchools Alert is the **only system that lets you receive tips 4 convenient ways:**

1. Phone
2. Email
3. Text message
4. Website

Every tip is immediately logged in your custom Alert system so you can easily investigate and manage tips to resolution. SafeSchools Alert will keep you connected to your school community like never before.
