Arizona Municipal Risk Retention Pool Partners with Scenario Learning
Municipal insurer licensing SafePersonnel Staff Training System for its members

Scottsdale, Ariz. and Cincinnati, Ohio (Feb. 11, 2015) – Scenario Learning, a leading developer of safety and compliance solutions for workplaces and schools, announces a new partnership with the Arizona Municipal Risk Retention Pool (AMRRP). AMRRP has licensed the SafePersonnel Online Staff Training System from Scenario Learning for its 76 member municipalities, whose employees can now use the program free of charge.

The SafePersonnel Online Staff Training System makes staff training more efficient by delivering a comprehensive library of expert-authored courses on essential workplace safety topics, including *Sexual Harassment; Discrimination; Personal Protective Equipment; Diversity Awareness; Drug Free Workplace; Workplace Violence Prevention* and many more. The online system allows managers to easily assign training to staff, automatically track training completions and recieve reports that show who hasn't completed assignments, allowing for timely follow up. Employees also gain the flexibility that online training provides, permitting them to conveniently complete training from any Web-enabled computer, tablet or phone.

"The SafePersonnel Staff Training System provides our members with access to important safety and HR training," said Ed Bantel, program administrator for AMRRP. "The system also automatically tracks compliance and policy acceptance, which was a big factor in our decision."

AMRRP is a collective self-insurance pool that provides insurance coverage and services to Arizona cities and towns, helping to reduce losses and liability exposure. Safety is a top priority for the Pool, and by providing the SafePersonnel Online Staff Training System, members now have access to a variety of high-quality staff training that is proven to reduce staff injuries and claims.

MORE

AMRRP full-line member municipalities that would like to get started with SafePersonnel Training should call 1.800.434.0154 or email info@safepersonnel.com.

About Scenario Learning

About AMRRP

AMRRP is a municipally owned and governed risk pool servicing 85% of the municipalities in Arizona. AMRRP started by offering specialized manuscript P&C coverage in 1987 and then added Workers' Compensation in 1997. AMRRP provides claims expertise, customized loss control services as well as proactive consulting services to help members with employment, public safety, and land use issues. The SafePersonnel Online Staff Training System has been thoroughly integrated into their loss control program and has been wildly successful with AMRRP members whose employees have already completed thousands of courses! For more information about AMRRP please visit our website at www.AMRRP.org.
