Vector Solutions Launches COVID-19 Online Training to Help Education Administrators Prepare for ‘Return to Learning’

Courses Available for K-12 School Districts and Institutions of Higher Education

TAMPA, FL, Aug. 04, 2020 (GLOBE NEWSWIRE) -- Vector Solutions, a leader in eLearning and performance support solutions for the world’s most critical industries, is launching a series of COVID-19 online training courses to help keep students, faculty and staff healthy and safe as school districts and institutions of higher education prepare to reopen their campuses for the upcoming school year.

Available through Vector’s award-winning [SafeSchools](#) and [SafeColleges](#) training systems, the customizable course series’ expert content and intuitive features provide essential training staff and students need to help them understand and follow CDC recommendations to keep themselves and others healthy as they return to school, or prepare to learn from home. Through this COVID-19 training series, administrators at both K-12 schools and at institutions of higher education will be able to:

- Easily deliver concise, relevant training to the individuals who need it
- Document that training was delivered and completed
- Provide resources that are specifically designed for students
- Customize training with their own school/state-specific information
- Deliver and track new COVID-19 or reentry policies
- Deliver training now as they are returning to learning, but also utilize for reinforcement throughout the school year

“Safety on campus has never been as important or more complex than it is now as our school districts and institutions of higher education face important decisions about reopening amidst the COVID-19 pandemic,” said Vector Solutions CEO Marc Scheipe. “These dynamic courses are customizable and easy to administer and will equip students and administrators with the information they need to stay safe and healthy on campus as well as protect the health and safety of others around them.”

Courses for faculty, staff, and administrators at both K-12 school districts and institutions of higher education cover the following COVID-19 topics:

- Coronavirus Awareness
- CDC Guidelines for Making & Using Cloth Face Coverings
- Cleaning and Disinfecting Workplaces
- Managing Stress & Anxiety
- Preparing Your Household
- Reopening Your Organization
- Transitioning to a Remote Workforce

Customizable, engaging courses for both students in Grades 6-12 and at institutions of higher education are delivered featuring peer presenters and include the following topics:

- COVID-19 Awareness
- Handwashing
- Face Coverings
- Social Distancing

These affordable courses can be set up in a customized SafeSchools or SafeColleges training system quickly so administrators can get this essential training out to those who need it most. To schedule a demo or learn more about these COVID-19 course offerings, visit <https://www.safeschools.com/staff-student-covid19-training/> for K-12 school districts and <https://www.safecolleges.com/covid-19-courses/> for institutions of higher education.
