# Vector Solutions and DiversityEdu Partner to Bring High-Quality Diversity Learning Resources to Higher Education and K-12 Institutions

TAMPA, FL, July 15, 2020 (GLOBE NEWSWIRE) -- Vector Solutions, a leader in eLearning and performance support solutions for the world's most critical industries, is partnering with [DiversityEdu](#), a fast-growing and highly innovative diversity learning and management company, to provide online courses to higher education and K-12 institutions, with the goals of educating employees and students and advancing diversity and inclusive culture.

DiversityEdu's research-based courses feature clearly presented, up-to-date, and trusted content that teaches skills for engaging with difference using a methodology that's proven to increase inclusive language, attitudes, and behaviors. Combined with Vector's award-winning safety solutions, the courses will serve as another tool to meet the pressing need for safer and more inclusive campuses and schools. Now available in Vector's [SafeColleges](#) Training System, and later this year in the [SafeSchools](#) Training System, the courses will teach skills for everyday situations, like:

- Using up-to-date and respectful identity terminology
- Responding to microaggressions
- Questioning stereotypes
- Reducing unconscious bias in decision making

"Healing the deep divides within our nation begins with education. Together, Vector Solutions and DiversityEdu are committed to bringing high-quality learning resources and tools to students, teachers, and faculty members, so that our schools and institutions of higher education are safe and inclusive for everyone," said Vector Solutions CEO Marc Scheipe. "We are proud to partner with such a trusted, innovative partner like DiversityEdu on this very important issue."

According to DiversityEdu's CEO Kate Chovanetz, "Our mission of bringing schools and colleges to ever higher levels of inclusion and Vector's commitment to safety at those same institutions complement and reinforce one another. This is a partnership that will forward our common goal of ensuring the nation's diverse educational settings are places where everyone is safe and all voices are heard and valued."

Vector will be offering DiversityEdu's core products: online courses for K-12 teachers, students in grades 7-12, undergraduate students, graduate students, faculty and staff, and academic search

committees. Courses range in length from 1 hour to 2.5 hours, set a baseline of knowledge and touch points for further dialogue, and offer stimulating learner engagement through:

- Interactive exercises and quizzes
- Videoed scenarios to bring learning points to life
- Videoed comments by scholars
- Informative graphics and photos
- Narration that does not talk down to the audience
